DETAILS

WHY

Our industry is continuously developing solutions. Unfortunately, this mostly take place in silos and we often only hear about those by chance

In November NAWIC London and South East will be hosting the National Conference and we want you to have a chance to reach out to circa 200 like-minded possible collaborators.

Finding a collaborator can have many benefits. It can:

- ease the challenges & pressures of lone working,
- help us make better decisions,
- help us identify & focus on the core
- help us double the chances of success

HOW

The IDEAS HUB will be set in a room where those looking for collaborators will be able to showcase their ideas and speak to other who might be interested.

WHO

You, if you:

- are working in a side project which requires help
- would like an opportunity to find like-minded collaborators within the construction industry

CRITERIA

We are looking for ideas (prototypes/ products/services) that will:

Be launched within the next 12 months

Benefit the industry
Not for profit, mini initiative or startup. It could also be a product development but not an existing product

require a minimum of 1 collaborator

PROCESS

Please check Key dates

- Email expression to us
- We will review and email board template back
- Email filled in board
- we will share a list of ideas with attendees
- On the day ideas will be featured on the booklet and IDEAS HUB
